Draw one card each morning as your daily intention

How to Use Your Cards

■ Morning Ritual

Each morning, draw one card. Read it slowly. Let the words settle into your heart before starting your day.

■ Meditation Focus

Hold your card during meditation. Let the affirmation become your anchor, drawing you back whenever your mind wanders.

📖 ■ Journal Prompt

Write the affirmation at the top of your journal page. What comes up? What does it mean for you today?

■ Carry It With You

Place your daily card in your pocket, purse, or on your desk as a gentle reminder throughout the day.

■ Evening Reflection

Before sleep, revisit your card. How did today's energy align with this affirmation?

■ Repeat Favorites

If a card speaks deeply to you, return to it for a full week. Repetition creates transformation.

"Every affirmation you speak is a seed of positive change." — Benson A. Wong
